auf dem Picco Platz

The Picco Platz is a space for everyone!

Residents and neighbours are always welcome here. It should be a place where people enjoy spending their time. Children and their parents, as well as older and younger people can gather to meet up and have a chat.

Together, we want to consider how Picco Platz can be altered and improved, to make it an even nicer space for our community.

The raised beds and plant pots, as well as the small garden with roses and fruit trees belong to us all. These things are cared for communally and everyone may harvest the vegetables and plant their own plants to share. Some of the raised beds have sponsors who look after them and water the plants.

Together, we can improve the quality of life in our neighbourhood.

We meet up every Tuesday from 3pm to 6pm, on the square or at the Veedelsbüro. Feel free to join us for coffee & tea.

Take a look at the posters in the window of the Veedelsbüro to find out more about our plans & events.
